Q8 BT headset User Guide

IMPORTANT SAFETY NOTE: Prolonged exposure to high volume levels can damage your hearing. To avoid injury, set the volume to the lowest comfortable level. If you experience ringing in your ears, or voices sound muffled, stop using the headset. Avoid turning up the volume to block noisy surroundings. It's possible for your ears to adapt to volume that is too high, and this could result in permanent hearing damage without any noticeable discomfort.

- Check with local and state laws regarding cell phone/headset usage while operating a motor vehicle.
- Do not immerse any part of this product in water.
- Plastic bags and small parts may cause choking if ingested. Keep them away from small children and pets.
- Use only the power cords included with this product.
- Avoid temperatures exceeding 140°F (will cause equipment failure)

2. How to wear the headset

1)Rotate the microphone rod to the vertical direction
2)Insert the headset to your ear and make sure it fit your ear well
3)Rotate the microphone rod to the suitable direction.

3. Getting Started

3.1 Pairing to a Anytone radio or a cell phone

1）Turn the power switch to ⏻ place, red and blue light blink in turn, the headset is in pairing mode.

2）Put your Anytone radio or cellphone into blueooth search/scan mode.

Anytone radio: "Menu" >> "Bluetooth" >> "BT On/Off" >> "Bluetooth On", turn the bluetooth on "Menu" >> "Bluetooth" >>" BT Pairing Seek BT", put the radio in bluetooth search mode.

- **iPhone:** "Settings" > > "General" >> "Bluetooth" > > "On"
- **Android**TM Cell phone: "Settings" > > "Wireless & Networks" >> Bluetooth: ON >> Scan of devices

NOTE: The menus might be different for different brand cellphones.

3）Select "Q8" to pair, the blue light is blinking when the headset is connected to the radio or cellphone.

3.2 Multi connect to a Anytone radio and a cellphone
The headset allows you connect to a Anytone radio and a cellphone at the same time.

    1) Pair the headset to Anytone radio

    2) Disconnect the bluetooth

    3) Pair the headset to the cellphone

    4) Turn on bluetooth in radio and cellphone, the headeset will connect to both the radio and cellphone.

Make sure the headset connect to Anytone radio first, otherwise the PTT function on headset (for Anytone radio) is invalid.

3.3 Make a call or accept a call
For Anytone radio use

When the headset connect to Anytone radio, it allows you press the PTT button to start a transmit or a receive, press the PTT button again to end the transmit or receive.

Reminds: The PTT function is only valid for Anytone radios, it doesn't support any other two way radios so far.

For Cellphone use

1）Manually accept/reject an incoming call

    When the call is coming, the cellphone will prompt the incoming call number, press the 🎧 button to accept the call, or hold pressing the 🎧 button to reject the call.

2）Voice answer/reject an incoming call

    When the call is coming, you can say "YES" to accept or "NO" to reject.

NOTE: This function may not reliable in particularly noisy environments.

3）Call back the previous call

    Quickly tap the call button 🎧 twice to call back the previous call.

3.4 Music play pause/Volume switch/Songs selection
1）Play pause: When music is playing, click on the 🎧 button to pause, click on the 🎧 button again to play.

2）Volume switch: When music is playing, hold sliping the 🔊 / ≪ ≫ button to change the volume.

3）Songs selection:When music is playing, slip the 🔊 / ≪ ≫ button to select the songs.

3.5 Swtich the language

Turn on the headset, hold pressing 🔕 and 🔊 / ≪ ≫ keys, the earpiece will prompt in different language, release the key if the language is your want.

4. **Charging the headset**

When the power is low, the headset emits "didi" beep at 5minutes interval, after 4times beep, it will remind "Power off", please charge the headset in time.

The red light is on when charge the headset. When the battery is full charged, it will turn to blue light.

NOTE: To avoid the battery dead, make sure charge the headset one time per month if you don't use it.
